handspring®

trēo ™

The Handspring™ Treo™ 90 is a small, powerful Palm OS® organizer with built-in keyboard, full-color screen and expansion slot. So small and lightweight it fits almost anywhere. So slim and sleek you'll want to take it everywhere.

Treo 90 has a built-in keyboard, making one-handed access easy and thumb typing fast.

compact Palm OS organizer

With 16MB of memory and an amazingly compact and light design, the rechargeable Treo handheld computer makes getting organized very easy. It includes Date Book Plus, Contacts (improved Address Book), To Do List, Memo Pad, and more. Plus, you can run thousands of Palm OS applications and use HotSync® technology to backup, update, and transfer data between Treo and your desktop.
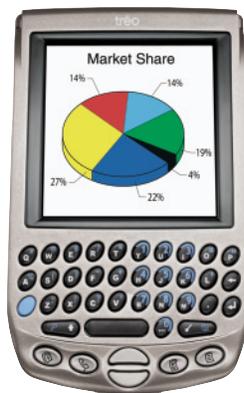

full-color screen

Take a look at the Treo's vivid color screen and you'll see what a difference color makes. Now everything—from text and graphics to photos and games—is more readable.
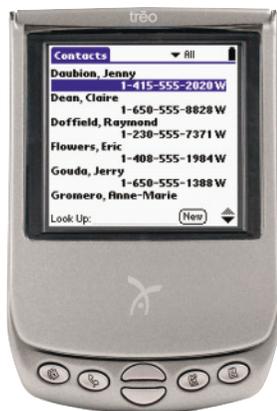

built-in keyboard

Entering data and navigating are now faster and more familiar with the Treo's built-in QWERTY keyboard. You can look up a number, view your calendar and more with just one hand. Or use two thumbs for super-fast typing. It even includes Instant Lookup, a new feature that lets you find any contact, usually within three taps of the keyboard. And, it's still small enough to fit in your pocket.

expandable

But you don't have to expand the size of your Treo to do it. With the SD expansion slot, you can add games, photos, and databases without compromising size or sacrificing memory. And, it's compatible with Secure Digital (SD) and MultiMedia Cards (MMC).

Treo™ 90 features

Removable Protective Flip Lid

Full Color Screen

Date Book Plus

Contacts

To Do

Memo Pad

Expansion Slot

small + sleek

- Small enough to fit into any pocket, only 4.2 in. by 2.8 in. (10.7 cm x 7.1 cm).

- Only 4 oz. (114g) so it's lightweight and easy to carry.

- It's thin and sleek, only 0.7 in. thick (1.8 cm).

powerful Palm OS® organizer

- Includes all the classic applications—Date Book Plus, To Do List, Memo Pad, Advanced Calculator and CityTime world clock—plus a few new ones, like Contacts (an improved Address Book), which includes Instant Lookup, a new feature that lets you find any contact, usually within three taps of the keyboard.

- Runs the popular Palm OS—and thousands of Palm™ applications. Beam information between other Palm-Powered devices and transfer data from your current Palm OS device to your new Treo organizer with ease.

- Comes with a USB HotSync® cable so you can instantly backup, update and exchange information between your Treo organizer and desktop computer (recharging USB HotSync cradle available separately).

- Features a rechargeable battery, 16MB of memory and a fast Palm OS processor.

- Includes WordSmith®, a full-featured Palm OS word processing application. It has rich modification and formatting capabilities plus seamless integration with Microsoft Word.

full-color screen

- Adds clarity and improves readability of text and graphics.

- Features transmissive color STN display with back light for easier viewing in a variety of lighting conditions.

expansion capabilities

- Lets you add content to your Treo, like games, photos, databases, and more, without compromising size or using up valuable memory.

- Provides for quick access to and storage of large amounts of data.

- Compatible with both Secure Digital (SD) and MultiMedia Cards (MMC).
